

Small Business Resources for Family Child Care Providers

Explore New Hampshire's collection of free resources for family childcare business leaders. Resources are designed to support family childcare providers as educators serving New Hampshire communities and small business owners.

Navigate resources independently or while working alongside a business coach to strengthen your small business. These proven tools to strengthen small business operations are here to help build business resiliency now and in the future.

Guide to Becoming a Family Child Care Provider

Family child care programs provide essential support to families and play a vital role in New Hampshire communities. The New Hampshire Guide to Becoming a Family Child Care Provider is a resource for those at all stages of small business ownership. The guide is broken down into three phases: explorative, preparation and sustainability. Within each phase there are subcategories that outline various resources, information, checklists and links to further guide you through the process. Development of the guide was a collaboration between the New Hampshire Child Care Advisory Council and Andylex Youth Enrichment Company.
